

# The Vernon

## Millennium Series

### Decorative Aluminum Pole

#### Description

The Vernon offers customers an economical and multi-application pole while still providing an attractive design. Ideal for public settings like parks, walkways and streetscapes.

Applicable in both historical and contemporary settings, its sleek and simple appearance makes it an excellent choice for post top usage. The Vernon can be easily matched with almost all of King Luminaire's decorative lighting fixtures. The pole shall be King Luminaire Catalog Number KM72XX-XX

#### Material

The Vernon Pole shall consist of a two piece cast aluminum base with a **round aluminum extruded non-tapered shaft**. All hardware shall be corrosion resistant stainless steel. Anchor bolts to be hot dip galvanized.

#### Dimensions

The pole shall be XX' in height with a 15 1/4" diameter base. It is available in heights from 8 to 20'. It shall be supplied complete with a 1/2" -13 UNC grounding stud.

#### Installation

The pole shall be supplied complete with 4 anchor bolts, 3/4" x 27", 55 KSI minimum yield strength galvanized to ASTM A-153, with a threaded end, 2 over-sized washers and 2 hex nuts for double nutting. Anchor bolt certification available upon request.

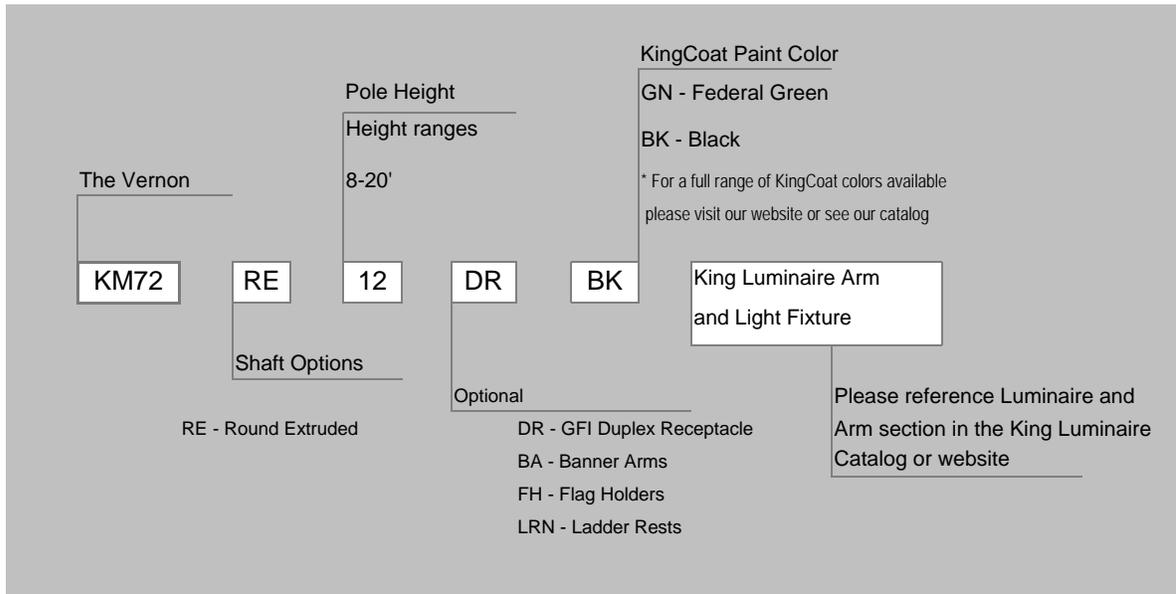

#### Finish

The pole shall have a powder coat finish, which utilizes our "King Coat" paint system, offering a durable, long-lasting finish. For color selection, please see our King Coat color brochure in our catalog or website.
